

## Scholarships for Choristers

Does your son enjoy singing?

Choristers at the beautiful Temple Church receive a scholarship to the value of two-thirds of the fees of the City of London School. Although most boys attend CLS, the scholarship can in fact be used at any school, subject to selection by the chosen school.

A chorister's life at Temple is busy but fulfilling and very rewarding. The benefits include:

- a cathedral-style musical education whilst living at home
- the development of life skills such as time management, teamwork and responsibility
- striving for musical excellence alongside some of the finest adult musicians in London
- making many friends

The Director of Music, James Vivian, is always pleased to meet prospective choristers and their parents at any time during the year. The audition process for a chorister is informal; please remember that we are looking for potential, and not the finished article.

For more information please contact:
