J6th Form Edition

Now the AS exams are over, you will be looking forward to a bit of a rest over the Summer, and hopefully some excellent results in August!

However, there is much that you can do to enhance your chances of securing a place at the university of your choice that will not spoil you summer! So what can you do? Here's some suggestions:

- Decide on your university and course choices
- Finish your personal statement
- Engage in some further work experience/work shadowing/temporary employment that might give you an insight into your chosen area of study.
- Attend some lectures or conferences.
- Go on a Taster Course (see details in previous Careers News).
- Discuss with your subject teachers before leaving what 'wider reading' they would suggest you tackle while relaxing on the beach.
- Try to visit any universities that your are considering applying to and have not yet visited – the students will not be there but you will get a more realistic idea of the place that you are going to live/study/play in for 3 years than is given in the university prospectus.....

....and have a great summer holiday!
